Start		
8:00 AM	Registration, Breakfast, Posters	
8:50 AM	Welcome to Bangalore	Dr. Thanga Prabhu
9:00 AM	Welcome to the DICOM Conference and OPENING of Day 1	Lawrence Tarbox, Organizing Committee Chair, Kevin O'Donnell, Day 1 Co-Chair
9:05 AM	DICOM Overview: Stability and Evolution Topics will include: - the foundational concepts of DICOM - the pragmatic needs of radiology practice that DICOM is designed to address - the SOP Class-based Compliance Model - how DICOM has expanded its capabilities over 20 years while maintaining backward compatibility	Kevin O'Donnell
9:35 AM	Image Access Everywhere: DICOM Web Services Topics will include: - delivering imaging results to referring physicians, specialists and patients - the driving use cases and the role of Web Services in an imaging environment - an overview of the suite of DICOM Web Services - details of WADO, WADO-WS, WADO-RS, STOW, QIDO - the practical interplay between DICOM information objects, DICOM web services and traditional DICOM services	TBD Substitute for James Philbin
10:20 AM	BREAK	
10:35 AM	Integration of Imaging and Information Systems – Relevant DICOM and HL7 Standards Topics will include: - overview of how imaging order entry, results reporting and results distribution processes can be supported by DICOM and HL7 Standards, - relevant messages, HL7 CDA and DICOM SR Diagnostic Imaging Reports, - URI based WADO (Web Access to DICOM persistent Objects)	Helmut Koenig

	<ul style="list-style-type: none"> - Current developments in the field of HL7 and DICOM RESTful services with regard to their use for imaging integration purposes 	
11:00 AM	<p>Reporting: Presentation & Interpretation</p> <ul style="list-style-type: none"> - Reviewing, Interpretation and Reporting relies on readily available image data, accurate display of images, ease of processing of image sets and creation of diagnostic evidence - The DICOM Standard defined a number of Information Objects (Images, Presentation States and Evidence Data) in the form of Structured Reports (SR), and a number of Services providing the means for creating interoperable data, ensuring consistent display quality and proper documentation of findings during image interpretation 	TBD substitute(s) for Nikolaus Wirsz
11:20 AM	<p>Analytic Workflow: From Images to Reports</p> <p>Topics will include:</p> <ul style="list-style-type: none"> - managing the workflow that prepares additional data for the reporting process - tracking inputs, performance & outputs of tasks using DICOM UPS - implementing processing “plug-ins” using DICOM Application Hosting 	Lawrence Tarbox
11:40 AM	<p>Capturing Analysis: Measurement, CAD, Segmentation and more</p> <p>Topics will include:</p> <ul style="list-style-type: none"> - DICOM objects designed for recording analysis results - Measurements, CAD, Segmentation, Registration, Annotations, Presentation States 	Harry Solomon
12:10 PM	LUNCH	
1:10 PM	<p>DICOM Fields of Use</p> <p>Brief review of the many clinical disciplines specifically addressed by DICOM</p>	Klaus Neuner
1:20 PM	<p>The Enhanced Family of Image SOP Classes</p> <p>Topics will include:</p> <ul style="list-style-type: none"> - core concepts of the unified multi-frame image model - functional and performance benefits of the new model - review of modalities with MF object encodings - approaches to conversion between single frame and multi-frame encodings 	Wim Corbijn van Willenswaard
1:50 PM	<p>Watch out for that hole! Proper and improper implementations of DICOM.</p> <p>Topics will include:</p> <ul style="list-style-type: none"> - common mistakes and abuses of DICOM (** also 	David Harvey

	efficiency) <ul style="list-style-type: none"> - materials and methods to better understand how to code DICOM correctly - Change Proposals (DICOM patches); how to stay up to date, and how to submit your own requests 	Day 2
2:20 PM	Making it with quality: Tools for DICOM Topics will include: <ul style="list-style-type: none"> - the use of implementation tools such as toolkits/libraries, sample code/reference implementations, data dumpers, logging tools - the use of testing tools such as object validators, sample data, packet capture tools, IHE Connectathon testing 	David Harvey
2:50 PM	Effective Strategy for verifying the DICOM conformance of a Healthcare Product	VenkateswaraGoud
3:05 PM	BREAK	
3:20 PM	Creating & Managing Data Sets for Advanced Visualization Testing	Bjoern Nolte
3:35 PM	Deploying it [DICOM] effectively: Some Assembly Required Topics will include: <ul style="list-style-type: none"> - Planning: devising/owning your architecture (using IHE as a model), using IHE Handbooks and Connectathon Result tables - Purchasing: using DICOM Conformance Statements, RFPs - Installing: configuring, communicating details to vendors, acceptance testing - Maintaining: display calibration, software upgrades - Troubleshooting: tracking down problems, resolving with vendors 	Kevin O'Donnell
4:05 PM	Keeping it safe: Securing DICOM Topics will include: <ul style="list-style-type: none"> - DICOM over TLS, DICOM file encryption, DICOM content in other transports, security profiles - DICOM anonymization profiles 	Lawrence Tarbox
4:25 PM	Web Viewer for Digital Medical Images	Leodan Vega Izaguirre for Carlos Luis Marquez
4:40 PM	Trends and future in DICOM standardization	CorLoef
5:05 PM	Wrap-up and QA Period, Adjournment	Harry Solomon

Start		
8:00 AM	Registration, Breakfast, Posters	
8:50 AM	Welcome to Day 2 of the DICOM Conference	Lawrence Tarbox
9:00 AM	Deep dive into SR: Key Object Selection and Radiation Dose Report	Harry Solomon
9:45 AM	Experience of Implementing Radiation Dose Structured Reporting for Fluoroscopy System	SauravBaidya
10:00 AM	Pediatric Echo Structured Reporting	Bindhu M
10:15 AM	Deep dive into Multiframe – Panel Discussion	Panel Moderator: Lawrence Tarbox
	Appr. 10:20 – Organizing MRI Data by using Enhanced Multi-Frame objects	Wim Corbijn van Willenswaard
	Appr. 10:35 – Enhanced CT objects	ReinhardRuf
	Appr. 10:45 – Ultrasound objects, PET objects, Angio objects	Lawrence Tarbox and TBD
11:00 AM	BREAK	
11:15 AM	Deep dive into MWL & MPPS: Beyond basic workflow	Harry Solomon and Kevin O'Donnell
12:00 PM	Optimizing Export Image Quality	Shreelaxmi Bhat
12:15 PM	Usage of Presentation State (PR) Objects for Ultrasound 3D images	RamanjiniDasari
12:30 PM	Multivendor Algorithm Analysis for Nuclear Medicine Applications	Kiran Kumar
12:45 PM	LUNCH Sponsored by Philips Healthcare	
1:45 PM	Enhanced Contrast Agent Informatics – a closed loop imaging model using DICOM	Kevin O'Donnell for Sridhar Balasubramanian
2:00 PM	Analysis of errors in DICOM image for Rapid Prototyping Application	AiamunooriManmadhachary
2:15 PM	Prefetch: Quick Access to Prior studies using DICOM Services	Kishan Harwalkar
2:30 PM	The Next Generation of the DICOM Standard for Radiation Therapy	Ulrich Busch

2:45 PM	Standardized Approach to Patient Positioning for Radiation Therapy Treatments using DICOM	Christof Schadt
3:00 PM	Experiences in building DICOM module for Proton radiation therapy planning system	Rajeev Saha
3:15 PM	An Overview Of Digital Watermarking And Data Hiding Techniques For Secure Transmission Of Medical Images	Anusudha K
3:30 PM	BREAK	
3:45 PM	Smart Filtering in CMOVE SCP	MeenatchiAparna RR
4:00 PM	Improve DICOM Transfer Times	H. Matthijsen
4:15 PM	Management Summary in the DICOM Conformance Statement	Balaji Pandipotla
4:30 PM	IHE for emerging market – Learning from integration experiences	Kshitija Thakar
4:45 PM	IHE TESTATHON Report	Kishan Harwalkar
5:00 PM	Wrap-up, Question Answer, Adjournment	Lawrence Tarbox and Wim Corbijn van Willenswaard
5:15 PM	Transportation to Celebration Dinner, Sheraton Bangalore	(Purchase tickets (US\$ 35.00 by March 1 but no later than by March 11, on the web – Registration - www.dicomconference.org)
7:00 PM – 11:00 PM	Celebration Dinner, Sheraton Bangalore	MC – Lawrence Tarbox

Day 2 Program

Start		
8:00 AM	Registration, Breakfast, Posters	
9:00 AM	OPENING OF DAY 3 and OPENING OF THE TELERADIOLOGY SESSION	Co-Chairs: ArjunKalyanpur and John Carrino
9:05 AM	Mobile Device Teleradiology	ArjunKalyanpur
9:30 AM	Clinical Teleradiology Workflow – Impact on Radiologist Efficiencies	Ricky Bedi
10:00 AM	Medicolegal Aspects of Teleradiology	Aditya Daftary
10:30 AM	Challenges of Delivering Advanced Diagnostic Applications in Indian Telemedicine Scenario	VeerendraShetty
11:00 AM	BREAK	
11:15 AM	The presentation has been moved to Day 1	
11:30 AM	DICOM Awareness of Oral and Maxillofacial Radiologists in India	Kaustubh Sansare
11:45 AM	DICOM Medical Image Management the Challenges and Solutions – Cloud as a Service	Gunjanbhai Patel
12:00 PM	Handling Low-Dose CT Images in the Absence of Reliable DICOM Header Information	Laks Raghupathi
12:15 PM	The Diagnostic Imaging Repository Strategy in Canada	David Koff
12:30 PM	LUNCH	
1:30 PM	OPENING OF THE TELEMEDICINE Session: DICOM OUTSIDE OF RADIOLOGY	Co-Chairs: ArjunKalyanpur and VeerendraSheety
1:35 PM	Clinical Telemedicine and Telecardiology, with Emphasis on Rural Impact	SunitaMaheshwari
2:00 PM	Surgical DICOM	S.K. Mishra President Elect, Telemedicine Society of India

2:30 PM	Tele-ICU	AshwinKumar Mani
3:00 PM	Tele-Ophthalmology	K. Chandrasekhar
3:30 PM	BREAK	
4:00 PM	PANEL DISCUSSION: Challenges and Interoperability Issues in Clinical Telemedicine and Teleradiology	S.K. Mishra, R. Chandrasekhar, J. Carrino, moderated by ArjunKalyanpur
5:00 PM	Wrap-up of Day 3	ArjunKalyanpur
5:10 PM	Wrap-up of the Conference	Lawrence Tarbox, Organizing Committee Chair, Acknowledgements
